

T.E.S.T., Inc. Tech Talk

Introducing the newest student response technology: The CPSPulse™ (with texting capabilities!)

Welcome back to School! Hope everyone had a wonderful summer and is ready to get back in the groove of the daily school routine!

Be sure to make CPS a part of the daily routine at your school! You'll find teachers will quickly grow accustomed to the many luxuries CPS offers. . . a more attentive audience, better engagement with students, daily formative assessment, **MORE TIME TO INSTRUCT** and **LESS TIME TO GRADE!!**

We look forward to an excellent year and look forward to working with all of you to find solutions in improving student achievement!!

Sincerely,
Liz Cunningham

CPSPulse™

Introducing CPSPulse™ the latest version of the market-leading Classroom Performance System, used by millions of students and teachers in more than 300,000 classrooms. Keep students engaged, involved in class, and facilitate greater student-teacher interaction in a fun, dynamic learning environment that encourages class discussion and participation. Students who normally remain silent in class now answer every question with confidence.

- Capture real-time assessment data to gauge student comprehension as you teach.
- Identify individual learning needs and differentiate instruction as needed.
- Automate and streamline time-consuming administrative tasks like taking attendance, grading quizzes or tests, and recording the results.
- Generate personalized reports in seconds.
